### **Shortlist for the Multimodal Awards 2023 Announced**

Outstanding achievements in air, road, rail, maritime and freight  
recognised across the logistics industry

With the countdown on to the Multimodal 2023 Awards, organisers have today announced which businesses, thought leaders and associations have been shortlisted for the prestigious honours.

Over the last four months, votes have been cast from registered visitors and exhibitors to Multimodal 2023 which takes place from 13th –15th June at Birmingham’s NEC. The Multimodal Awards recognise outstanding industry-leading supply chain businesses and individuals, with organisers this year splitting two of the Awards categories, Road and 3PL, to ensure that SMEs also get the recognition they deserve.

Event Director Robert Jervis commented: “The Multimodal Awards are one of the fairest in the sector as we ensure that all size of businesses are represented. An independent nomination and voting system is used to ensure that all those shortlisted can be proud of their nomination, whether they win – or not.

“The votes are made for the industry, by the industry, so being part of the shortlist is an independent endorsement of a company's or individual's excellence.”

There are three award categories, one of which is judged and awarded by the Multimodal team.

The **Modal Awards** are nominated and voted for by the attendees, exhibitors, visitors and newsletter readers. This year’s shortlist is as follows:

- Air Freight Company of the Year:
  - CEVA Logistics
  - Chapman Freeborn Airchartering.

### **Additional MULTIMODAL Awards information**

Written entries are submitted to the panel of judges for the Independently Judged Awards. The entry deadline for this category is the 2nd May, with the shortlist of finalists announced on 22nd May. They are made up of:

- The Shipper/Partner of the Year Award
- The Multimodal Sustainability Award
- The Young Logistics Professional of the Year Award
- Innovation in Port Safety Award

- Technology Company of the Year

There are also two awards chosen by Multimodal:

- The Multimodal Exhibitor of the Year
- The Multimodal Personality of the Year (chosen in conjunction with the previous year's winner)

### **About MULTIMODAL**

Since 2008, Multimodal has successfully built a supply chain and logistics community of shippers, retailers, manufacturers, wholesalers, importers and exporters alongside the suppliers who support them.

The three-day show between 13th and 15th June 2023 offers a unique opportunity to make valuable face-to-face contact with new prospects and existing companies.

Shippers and cargo owners attend to improve their businesses through finding ways of moving their products more efficiently and by meeting new suppliers.

Multimodal represents every logistics sector under one roof; it is characterised by key vertical sectors, including manufacturing, retail, agribusiness, chemical, automotive, electronics, FMCG, food & drink, fashion, pharmaceuticals, construction, aerospace, energy, real estate, recycling, paper/print and perishables, whilst horizontally, the show covers all modes of transportation, including sea, road, rail, air, and inland waterways.

This matrix design makes Multimodal incredibly valuable and accessible for shippers – whilst also affording them the opportunity to successfully meet and network with peers from other sectors, which is another key reason for their attendance.

Multimodal delivers a highly crafted and bespoke series of seminars targeted at helping supply chains run more efficiently, as well as offering two networking events, the Multimodal Awards, and the Multimodal Mixer.
