## RESILIENT SUPPLY CHAINS TOP THE AGENDA AS MULTIMODAL 2022 OPENS FOR REGISTRATION

*Free registration for the UK's largest logistics event that brings together businesses, thought leaders, and associations from across the supply chain industry*

**London, UK, Tuesday 15th February 2022** – Multimodal 2022, the leading UK show that brings all the sectors in the logistics and transport industry under one roof, is now open for registration, as exhibitors continue to sign up.

Maersk, G&W, Maritime Transport, Malcolm Logistics, MSC, ABP, Kerry Logistics, O.N.E., Windward, CCL, Bristol Port, and Eddis Transport are among a growing number of exhibitors who will be hosting stands at the event, which takes place at the NEC Birmingham from the 14th to the 16th of June, 2022, and is free to attend for visitors.

The theme of the Multimodal 2022 seminar programme is supply chain sustainability and resilience - harnessing the power of people, tech, and innovation to future-proof logistics.

"Multimodal is the leading UK platform for all sectors of the supply chain allowing visitors to network with industry leaders, get to know new and established businesses, and gain unparalleled insights into the logistics and transport industry," said Robert Jervis, Director, Multimodal.

"Last year's event was an outstanding success, as people got back out after the appalling impact of the COVID pandemic.

"This year we are already seeing a further return, with our exhibitor line-up rapidly expanding and we fully expect it to reach 250."

Multimodal 2022 seminar sessions will bring together industry leaders as well as transport and logistics organisations, including Logistics UK, the British International Freight Association (BIFA), and the Institute of Export and International Trade (IOE&IT).

The Multimodal Awards and gala dinner are a regular feature of the event, and this year they are hosted by rugby refereeing legend, Nigel Owens.

The awards celebrate outstanding individual and business contributions to the industry, and nominations in a number of categories can be made online at [multimodal.org.uk/awards](https://multimodal.org.uk/awards).

To register for Multimodal 2022, visit [multimodal.org.uk](https://multimodal.org.uk).

Multimodal 2022, the leading UK show that brings all the sectors in the logistics and transport industry under one roof, is now open for registration

### **About Multimodal**

Multimodal 2022 will celebrate fifteen years of putting shippers, retailers, manufacturers, wholesalers, importers, and exporters in front of exhibitors who offer the latest logistics and supply chain solutions.

The three-day show between 14th and 16th June 2022 will offer a unique opportunity to make valuable face-to-face contact with new prospects and existing companies.

Shippers and cargo owners attend to improve their businesses; by finding ways of moving their products more efficiently and by meeting new suppliers.

Multimodal represents every logistics sector under one roof, and is characterised by key vertical sectors, including manufacturing, retail, agribusiness, chemical, automotive, electronics, FMCG, food & drink, fashion, pharmaceuticals, construction, aerospace, energy, real estate, recycling, paper/print and perishables, amongst others, whilst horizontally, the show covers all modes of transportation, including sea, road, rail, air, and inland waterways.

This matrix design makes Multimodal incredibly valuable and accessible for shippers – whilst also affording them the opportunity to successfully meet and network with peers from other sectors, which is another key reason for their attendance.

Multimodal delivers a bespoke series of seminars targeted at helping supply chains run more efficiently, as well as offering two networking events, the Multimodal Awards, and the Multimodal Mixer.
